Important Notes for Club

1. It is of the utmost importance that, before embarking on any development project, a club consults fully with the County Development / Grounds Committee. The County Development / Grounds Committee will be able to offer useful information and advice and an objective assessment of the proposed development.
2. A club must not proceed with a development project without first obtaining approval in principle from the County Development / Grounds Committee. If the development costs in excess of £50,000 the prior approval of the Provincial Council should be sought. Grant applications will not be entertained for developments which were not approved, in advance of start up, by the appropriate authority.
3. A Club should not submit the Original Declaration of Trust; it should be lodged for safe-keeping in a Bank. Solicitor's Office or other suitable place.
